

Anish Maji

Product Designer

+91 93303 18762 | masteranishmaji@gmail.com | linkedIn/anish-maji | behance/anishmaji_ | Gurugram, India

Professional Summary

UI/UX and Visual Designer with 3+ years of experience designing end-to-end digital products, embedded HMI interfaces, and brand systems. Proven ability to own the full design lifecycle - from user research and wireframing to shipped interfaces - across EV hardware touchpoints, web platforms, and marketing surfaces. Skilled at building scalable design systems that improve cross-team consistency and accelerate delivery.

Work Experience

Baaz Bikes (Electroq Technologies Pvt Ltd)  , Product Designer June 2023 – present | Gurugram, India

- Designed the **HMI interface** for EV battery swap stations, covering touchscreen user flows, error states, and interaction patterns for embedded kiosk hardware.
- Owned end-to-end UI/UX and visual design across 3+ digital platforms and numerous offline touchpoints, **shipping 10+ products and internal workflows**.
- Built a centralised design system (components, typography, grids, interaction patterns) that **reduced design turnaround time by ~30-40% and improved cross-team consistency**.
- Increased CTR and time-on-page by ~15-20%** through improved visual and interaction consistency across web and marketing platforms.
- Improved onboarding clarity and reduced drop-offs** at critical touchpoints by redesigning the end-to-end customer journey.

Smartivity Labs Pvt Ltd  , Visual Designer August 2022 – October 2022 | Delhi, India

- Redesigned **2 existing STEM toy instruction manuals**, improving visual clarity, step sequencing, and age-appropriate comprehension, resulting in **fewer user errors and smoother first-time assembly**.
- Led the **end-to-end creation of 1 instruction manual from scratch**, including problem identification, content structuring, illustration planning, and visual system design.

Crimson Healthcare Pvt. Ltd.  , Visual Design Intern May 2022 – July 2022 | Delhi, India

- Designed patient education materials for **ostomy care products**, improving comprehension and correct usage.
- Reduced patient confusion and support queries by **~25%** through clearer visual instructions and structured layouts.
- Collaborated with clinical teams to ensure compliant, accurate, and patient-sensitive communication.

Global Esports  , Visual Designer, Full Time 2020 – 2022 | Mumbai, India

- Production and communication designer for 30+ esports events** across Logitech, Esportz, and Free Fire partnerships over nearly two years.

Education

Bachelor in Design, IIIT Jabalpur  2020 – 2024 | Jabalpur, India

Specialisation: Visual Communication & Human-Machine Interface Design · GPA: 8.0/10
Relevant coursework: Human-Computer Interaction, Design Thinking, Typography, Interaction Design, Visual Communication

Skills

UI/UX Design, Human-Machine Interface (HMI) Design, Design Systems, Visual Design, Figma, Adobe Illustrator, Adobe Photoshop, Adobe After Effects, Brand Identity, Wireframing & Prototyping, Cross-functional Collaboration, User testing, Accessibility, A/B Testing
